HOTEL IMPERADOR

Enjoying a prime geographical location, half an hour from Évora, Portalegre and Spain, Estremoz is an important business and meeting centre. Deserving of special mention is the traditional weekly market held on Saturdays which attracts a large number of visitors and where a little of everything is sold: agricultural produce brought by the producers themselves, handicrafts, bric-a-brac and antiques,...

Estremoz, the White City, perched on the D'Ossa mountain range and surrounded by marble and a magnificent rural landscape, offers the following main features: heritage, culture, gastronomy, wine, regional produce, marble and above all the friendliness and hospitality of its people.

*Estremoz Castle*

The Hotel Imperador is located at one of the entry points into Estremoz. It is a 3-star hotel with 65 rooms and 3 suites equipped with television, air conditioning, mini-bar, telephone, digital safe and full-size bathroom. There is also a restaurant, bar and other spacious and pleasant areas.

We have everything you need for a quiet and relaxing stay in this magnificent region.
